LIMI-Gene Junior Program

The LIMIGene Junior Program is designed to assist young Limousin breeders in the educational process of sire selection. Eligible participants will receive two units of a Limousin sire. This selection will be mutually agreed upon through the consulting process between Herman Symens (LIMI-Gene's owner) and the qualified Junior participant. LIMIGene will also provide the rental shipping tank and handling costs. The Junior is responsible for the prepaid cost of shipping.

Eligibility:

- The participant must be a North American Limousin Junior Association Member.
- The participant must be confirmed as a current member of a state or regional Junior Limousin Association by that organization's advisor.
- The participant must be within the NALJA age requirements.

To participate:

- Contact LIMIGene at 1-800-722-2079 or info@limigene.com
- Be prepared with the following information. Name, address, and phone number.
 - Parent's name.
 - NALJA membership number.
 - Registration number of junior's heifer project.
 - A suggestion of a time for Herman Symens to phone the participant.

Consulting Process Topics:

- Herman will visit with the participant to learn about them and their heifer.
- What your goals are with your project?
- What do you think your heifer's strengths and weaknesses are?
- What is your heifer's pedigree?
- What would you like to have her calf be like?
- What bulls are you thinking about using on your heifer?

Ordering:

- Establish a time when you will want to breed your heifer.
- Allow for non-shipping days (weekends and holidays).
- Check the amount of time needed for ground shipping by UPS.
- Co-ordinate any other orders that may be shipped in the same tank to save on shipping costs.
- Provide a physical shipping address to which the dry shipper tank will be sent and a charged nitrogen storage tank at hand for transfer of breeding units within two days.
- UPS will pick up the empty tank for return to LIMIGene in approximately three days when placed in the same place as it was delivered.

This program may be discontinued at the discretion of the owners of LIMIGene
